Lake Sarah, Rockford, Hennepin County, 561.19 acres

Maximum depth : 59 ft. (Average depth 19 ft.)

Water Clarity: 1.9 ft.

Aquatic Invasive species: Eurasian water milfoil, Curly leaf pondweed

MN DNR Fishing Report: <http://www.dnr.state.mn.us/lakefind/showreport.html?downum=27019100>

Water Quality Report: <http://www.lakesarah.com/>

Lake is prone to algae blooms because of phosphorus and nutrient levels. No-Wake zones are strictly enforced, and the entire lake is a No- Wake Zone when the water level is 981.1 ft. for three consecutive days. PCA designated Impaired Waterway. Periodic floating bogs.
